## How School Districts See Improvements When Upgrading to Wi-Fi 6

Wi-Fi 6 allows your students and staff to do their best work. Most students' schoolwork is done with different online applications, ensuring a fast and reliable network connection is critical. Providing your teachers with Wi-Fi 6, which offers dependable connectivity that handles higher-density uploads, allows them to keep up with all their work demands. See how school districts integrate Wi-Fi 6 to help improve how students and educators work:
